

# 2018 Strategic Plan Overview

## Vision

The ACCP Foundation will be recognized as the leading organization supporting the advancement of pharmacy research, scholarship, and practice.

## Mission

To improve human health by supporting research, scholarship, and practice.

## Our Priorities

### Support researchers-scholars-practitioners.

- Address researcher-scholar-practitioner needs.
- Diversify the Foundation's portfolio of funded initiatives.
- Increase the visibility and accessibility of Foundation programs.
- Support new practitioner development programs in specialized areas of practice.

### Promote research and scholarship to practitioners, trainees, and students.

- Expand/enhance research and scholarship opportunities across the career continuum.
- Institute new research and scholarship programs for students and trainees.
- Collaborate with PPI/ACCP to deliver research and scholarship curricula.
- Promote Foundation-funded work.

### Ensure program sustainability and growth.

- Assess the effectiveness and sustainability of current programs.
- Address current and future fundraising strategies.
- Establish a long-range plan to develop, support, and enhance Foundation initiatives.
- Optimize infrastructure.
